

New Initiative by Anant Mission in Etawah District to Bring AI, Robotics, and Drone Technology to Every Household

MASOOD TAIMURI
Wednesday Times

Etawah: Dr. N.K. Sharma—former Dean and Head of the Department of Computer Science and Engineering at the Faculty of Agricultural Engineering (operating under the Chandrashekhar Azad University of Agriculture and Technology, Kanpur)—addressed the "AI + Drone Technology Summit 2026" as the keynote speaker. Engaging in a detailed discussion on AI and drone technology, he apprised the assembled scholars from the academic world and members of the media that, through the 'Anant Mission,' training in these modern technologies would be imparted to students in rural schools to facilitate their access to the global market. Dr. Sharma emphasized to the audience of scholars that development is impossible without the adoption of technology. Furthermore, he noted that no technology—specifically AI and drone technology—limits employment opportunities; rather, it transforms the nature of work and generates new avenues for employment. Elaborating further on AI and drone technology during his address, Dr. Sharma stated that the application of these technologies has become essential for transforming India into a developed nation. In this regard, the initiative

undertaken by the 'Anant Mission' in the Etawah district is poised to prove highly impactful. On this occasion, the event's Chief Guests—Mr. Atul Kumar Singh (District Inspector of Schools) and Dr. Mukesh Yadav (Assistant District Inspector of Schools)—also shared their perspectives. The program was anchored by Dr. Shweta Dubey and was organized by the Anant Mission team, including Founder and CEO

Govind Singh, CTO Sanjay Singh, Vice President Gaurav Gyanarathi, and Director Pooja Rai Singh. The event was attended by numerous dignitaries and principals from various schools, including Manish Sahay, Dr. Kailash Chandra Yadav (Director, Parvati Kunwar Inter College); Pawan Yadav (Director, H.N. Public School); and Vikas Yadav (Director, Happy Luv Inter College).
